What does A Culture of Evangelisation look like?

What is of greatest worth in my life?

What is it that I Worth-Ship or rather Worship?

This will tell you where you stand or kneel with respect to God!

CREATION - a second snippet from a Letter from the Bishops of England and Wales:

For all too long we have either been ignorant of, or ignored, the systematic exploitation of our planet and the unsustainable consumption of its resources. While accepting the crucial need and demand for energy for the benefit of the poorest of our brothers and sisters, the provision of our energy must, nonetheless, be by means which radically reduce the use of carbon-based fuels. In our political thinking, there must be a new global understanding of our world, where nations recognise our common responsibility for the dignity of all people and their rights to sustainable livelihoods, in authentic freedom. Pope Francis speaks of a global politics that looks beyond our own needs to the needs of all, most especially the poor and the marginalised.

Our third and last instalment next week.
